LEGENDARY COMBAT COINS

Wave 1 will have 5 different coins, each with a different rule on the back of them, 25 coins in total and will not be restocked with these particular rules this season. They can be compiled together in a single match if you have multiple coins and they can be stacked together if it is the same coin rule, i.e. – 3 second head start can be increased to a 6 second head start if you have 2 of them.

These coins can be kept quiet while establishing the rules and agreement of a duel and presented last minute as the 2 parties are about to begin the Duel. The person without coins must still carry out the match.

If you lose in this Duel, you also lose your legendary coin to the other competitor. If you use the coins in a legendary challenge, the coin will be sent back to Duelsoft and made available for purchase again.

Purchasing the coins will remain anonymous and will be as a lucky dip, you cannot choose which rule, they will just be selected at random and sent by express post to the purchaser or can organised to be picked up.

SILVER DUELSOFT RINGS

Challenge others who have DUELSOFT Combat Coins and/or a DUELSOFT Silver Ring or challenge any of the Gold DUELSOFT Ring Holders with a combination of 1x Silver DUELSOFT Ring + 1 Gold Combat Coin + 2 Silver Combat Coins + 2 Bronze Combat Coins.

GOLD DUELSOFT RINGS

Challenge others who have a Gold DUELSOFT Ring.

BLACK DUELSOFT RINGS

Challenge others who have a Black/Gold/Silver DUELSOFT Ring.

LEGENDARY CHARACTERS

DUELSOFT Legendary Characters hold five (5) Gold Combat Coins to be given to challengers who beat them in a 1v1 duel.

Legendary characters choose the location of duel in addition to three (3) unique rules for you to abide by when challenging them.

Please check the [Legendary](#) page for details.

RING KEEPERS

Ring Keepers start off with 1 week's "GRACE" to enjoy the glory that comes with holding the DUELSOFT RING. During this grace period the Keeper is expected to accept or complete a Duel of any kind. Once the 1 week's grace has expired the Keeper then has 3 weeks to complete a duel, whether they have initiated it or the requirements have been met by a challenger. If no Duel has been COMPLETED in the required time, the Keeper will forfeit the ring back to Duelsoft for re distribution into the game.

The Ring Keeper at any stage in the 4-week completion period can choose to pass ownership of the ring to someone of their choosing to complete the duel in the same allotted timeframe.
